

DAILY DIMITY

The Daily Bull is probably not suitable for those under age 18 and should not be taken seriously... like Vista!

Things I Won't Miss about MTU

Tech Standards

I hate that I have to lower my standards. My standards were pretty low to begin with. Now, it feels like I'll settle for pretty much anything with a pulse.

Snow, Cold Weather

It's snowing. I park outside of a friend's house to run in and pick something up. I come right back outside, and there's an inch of snow on the car. Are you kidding me? It's a blizzard, accidents are all over the place, and classes still aren't canceled? What the hell?

Tech Standards

We all know about the 'Houghton Handicap.' Girls that would normally be average looking back home are now hot at Tech. This is huge at Tech, because it broadens the playing field. I can now bang an ugly chick and feel less disappointed in myself.

Snow, Cold Weather

There may be other places that say they get more snow, or colder weather, but you know what? I don't care. I still like laughing at my friends down state, or in the south, and laughing when they get classes canceled because of an inch of snow, or 20-degree weather.

Drinking

What would a Michigan Tech list be without drinking? Up here, I'm a lightweight. At home, I'm

an alcoholic. I can out-drink most of my friends at other schools, and I have the most crazy drunk stories out of any one I know. You may have even heard me tell one. Heck, you may have told it to a friend!

Non-Real World Cost of Living

Rent and utilities up here are insanely cheap compared to any of the Big Ten schools. People at other schools pay four times our rent. I can work in a real city over the summer and make big bucks for when I get back up here.

Everyone Knows Me

I can walk from one class to the next, and stop to have three conversations along the way. I'm kind of a big deal, but it's that way for most Tech students. It's a very close-knit community. 🐮

It's already the THIRD week of classes?!?!?
I guess I should buy some of my books now

Random Thoughts

By Alex Dimitrijeski ~ Daily Bull

I'm not drinking until Carnival. (stop laughing)

How did I acquire this much stuff?

They'll build a walkway across 41 for people that are too dumb to look both ways, but they wont build a parking garage for people that have to drive to class.

If you sell your books across an email list, I'll be less likely to buy it, because I hate you.

I'm losing my voice. This is a tragedy, for me.

I should really remember to do the reading for my classes.

Girls, stop trying to factor the geeky guys into the Tech Ratio to make it seem worse for you, or else we'll have to start factoring in the ugly girls. 🐮

Drinking

I feel like I'm pissing my liver out faster than Lindsey Lohan at a Britney Spears party. Either I spend money on good booze, or I drink cheap booze and regret it the next day, and if you asked, "Why don't you just stop drinking?" then you really don't get it, do you?

"Hey, Alex!" "Hey... you!" Who the hell are you? Why do you know me? Sometimes, recognition can be a bad thing. ☹

Non-Real World Cost of Living

When I get into the real world, I will have no idea what a good rent rate is. I won't know how to judge any prices whatsoever. I might think that \$300 is too much, or too little, but who knows?
