## Secret Plans of Hillary Clinton Revealed!

By Simon Mused ~ Daily Bull

Recently Hillary Clinton was awarded the position of Secretary of State from President-Elect Barack Obama. She accepted with great enthusiasm, expressing wishes to be of great service to the Obama Administration in repayment for this great opportunity. Americans were overjoyed, but an elite time-traveling hacker by the name of "Biscuits" exposed her true intentions. Sadly "Biscuits" was taken away shortly upon returning to November 29th, most likely to a secret government location for questioning. But fear not, for the Daily Bull has acquired a copy of the manuscript and is sending the word of warning out to the people! The following are excerpts from her diary taken from exactly one year in the future:

December 1, 2008

Booyah! Announced to the world my acceptance of the position of Secretary of State from my new home-boy, Obama. And to think I was almost gonna let my supporters destroy him from within the party. I guess he's not such a bad guy after all. But still, if I am to be Supreme Ruler President of the United States, some people are gonna have to be "taken care of". Sorry Diary got to go, Bill's back, and he better have that money from China if he knows what's

good for him.

January 1, 2009

Happy New Year Diary! I'm formulating my master plot to usurp power from the current administration! Oh, I'm so excited! I've never organized a coup before. I bet this is what sex feels like...

January 20, 2009

Some radical right-wing white supremacist took out Obama during his inauguration speech. The nation is in deep mourning, but for some reason no one is really surprised. It's strange that I actually did not plan this. That was almost too easy.

March 13, 2009

Joe Biden survived my organized poisoning of his dinner. He was, however, aware of the massive dosage of LSD and grounded Tylonol PM on his plate, and told everyone in Congress to "Stop that, its getting kind of annoying." What the deuce?

June 4, 2009

Managed to get rid Nancy Pelosi today. We were discussing foreign policy and negative stereotypes of the Japanese.

## Battle of the Bands Holds Benefit Concert for Those Slain at Last Year's Battle of the Bands Concert

By Nathan "Invincible" Miller ~ Daily Bull ~

Dozens of the world's premier music artists gathered in Chicago this weekend to pay homage to those slain during last year's Battle of the Bands concert, which killed 243. With over 63,000 in attendance, Battle of the Bands Inc. raised more than enough money to cover the expenses of last year's debacle as well as a portion of those who fell victim to this year's reunion tour.

"I really feel like we did a good job giving the fans what they wanted," said Sting, of Police fame. "Everybody likes a huge stadium, a good cause, and killer music. Unless they get killed, then they prob-

She was so convinced that the ninjas were "freedom-loving" and "peaceful". Let's just say I won. On a side note I perfected my evil laugh! It's super neat.

June 5, 2009

Joe Biden managed to kill the ninjas when they raided his room last night with his bare hands. He passed them off as terrorists and called it a day. I'm really starting to get sick of this guy.

August 30, 2009

While away on a good will trip to New Orleans, Vice President Robert Byrd was blown away during a surprise category 5 hurricane. Little do they all know it was really my brand new weather control device as part of my world-conquering bag of tricks in my domination set. Needless to say my evil laugh came quite in handy. Unfortunately Joe Biden stood his ground as he gripped the earth to keep balance. Seriously, what the hell.

August 31, 2009

I've been sworn in today as Vice President, but I have no more of my original elaborate murder plans left. I'll have to pull out all the stops this time around apparently. Can't let that bastard make a fool out of me anymore.

December 31, 2009

Damnit all to hell! Months have passed and that bitch just won't die! I mean *come on*, I've used killer bees, hydrochloric acid showers, 50-yard line tickets to a Lions game, a hit job by Samuel L Jackson, and nothing, absolutely *nothing* has worked so far. I'm so close, but the bastard is just plain invincible. I can't give up yet, I will dominate this earth by the end of next month!

Ooo, I just love my evil laugh!

January 17, 2009

Joe Biden choked on his own words today as he was preparing for his State of the Union Address, collapsing on the floor, dead. I'm so happy. So much to do! Write later!

January 18, 2009

So the world is now under my control. All my enemies are gone, and everyone in South America dances at my whim. Oh I'm so overjoyed! It's my own little apocalypse like I've always wanted!

January 20, 2009

Joe Biden came back from the dead today and re-assumed power as president, only to have his new found super powers be used to resurrect Barack Obama. The now super-powered duo rose to challenge what they called "great evil." I was sealed away in the Phantom Zone, forever drifting through space with some guy named Zod.

This indecency will not stand! I will return! RAAAAAGE!

End of Manuscript.

Do the right thing! Seal away Clinton in a cube to the Phantom Zone before it's too late! Save us Joe Biden! 🙏

ably don't like it very much anymore. People should know by now to duck for cover when I play King of Pain,

sheesh."

Initial Red Cross estimates put the number of casualties at 2,914, but this was likely to increase after rescue crews finished picking through the rubble of historic Wrigley Field. Becky Price, Midwest commissioner of the Red Cross, explains part of the chaos that took place at this beneficial event.

"It all started when Paper Lace kicked off the night screaming, 'This is a song we like to call the Night Chicago Died!' Now, this wouldn't have been a problem if people had somewhere to run, but ELO made a dramatic entrance through the main exit, turning many to stone before they could make a quick escape. Those who did escape, however, were caught in a massive Pina Colada tidal wave, drowning dozens."

"It's too late to turn back now!' witnesses claimed to have heard the Cornelius Brothers & Sister Rose sing in perfect harmony as they and many terrified onlookers were crushed under Alice Cooper's wheels. How more were not mortally wounded is beyond me. It truly was a grizzly show."

After nearly 45 minutes of back-to-back mayhem causing rock anthems, Billy Idol called out to his fellow artists, stating that it was hot in the city, hot in the city tonight, and that these people needed help. Heeding the call, Little River Band replied quickly that help was on the way, but was unable to push through the sea of injured fleeing the field. Dropping in from the roof in spectacular fashion, Styx rocked out and distributed cold drinks to everyone but inadvertently afflicted many with heavy metal poi-

soning.

"I only took a small sip before I saw my buddy go blind. Must've been all that science that they were using. Lucky for me I found a miracle drug and made it through," remembers Russell Johnson. "Sometimes you can't make it on your own, you know? With a little help from my friends though, I lived and let others die while I ran for my life."

Once the Talking Heads started burning down the house, most in attendance realized that there was little hope of making it out uninjured. Just as all hope seemed lost, a south-Chicago man by the name of Bad, Bad Leroy Brown heroically called for a stop to the music and had an Operator help him dial a call for 911. Fortunately, most of the artists who remained standing took this to heart and stopped their rocking and began assisting the maimed. John Mellencamp, however, refused to disarm and crumbled a number of walls down before Edgar Winter's Frankenstein could subdue him.

Event producers immediately called the event a success, promising to put on more shows in the newly christened "Paradise City". Others were not so enthusiastic.

"I've seen all good people turn their heads each day from the whip lash that knocks them back," said Yes in a public statement. "Now they're all dead. Such loyal fans too. 'Til the end." 🙏

You know what happened to this monkey? Neither do I. But I bet it's thinking something along the lines of, "You should come to a Daily Bull meeting! Wednesdays, 9:15 pm, somewhere in Walker!" \*chimp noise\*
