"It is absurd to divide people into good and bad. People are either charming or tedious."
~Oscar Wilde

On the Plus Side

By Nathan "Invincible" Miller
~ Daily Bull ~

You know the old saying, "on the one hand, yadda yadda, and on the other, etc. etc.?" Now imagine a world where everyone suddenly had one of their hands chopped off. You know what you've got now? Just one hand. And the remaining hand is the one with all the good options in it. Hooray! You now understand what it's like to be a pirate. On the one hand you get to pillage and plunder and other nice things, and on the other, well, you don't have one. Arrr!

But I digress. It's not Pirate Week, it's Pride Week! I know, lots of pirates are proud of their work (especially the Somalian ones), but right now it's not about them. They already have a bunch of movies, novels, and theme park rides made

Gay Stereotypes

By Michael Senkow ~ KP

There are a number of gay stereotypes that have names and phrases connected to them that people in the straight community often know nothing about. Here are a few examples:

Bear - These are the big burly, usually sorta hairy gay men. While they can be of an effeminate nature, the concept is that they're a manly man, a hairy man, a big ole bear of a man. Younger versions are called 'Cubs'.

Maybe a little bit too hairy...

Frat Boy - While just because a fraternity is a group who get very close, definitely doesn't even one is gay, often times there exists at least one, or more in a fraternity. You can usually find the closeted frat boys, mildly tipsy at a party, defending their masculinity as strongly as possible... until they've had one too many games of beer pong and you have them tied up in your bed.

Ex-Gay - These are the unfortunate examples within the gay realm. While

being gay is not always the easiest life, it's not a choice, and when a young man gets sent to one of the religious camps to turn him 'straight for Jesus', it usually turns out badly. You'll often find them still on the gay personals sites, while simultaneously claiming they are devoutly pure and fighting their 'sinful nature'. See also 30-year-old men who finally realize they're gay after being married and having kids.

Twinks - The young, skinny, and sadly oftentimes fairly stupid gay men. This group can fall into other realms, and is also an amusing term to whip out when you realize that your totally straight friend really is very 'twinky'. Can often be sighted on gay personals sites as the guy whose ass is in the air before you see his face. If you can't figure out where the name comes from, what are twinkies filled with?

Log Cabin Republican - Ah, honest Abe, we miss you...basically a gay

Gay? Fine by me.

Local Mother Horrified, Ashamed

By Kate Settlemyre ~ Community Member

Bernice Watson, a 52-year old local woman, was horrified today to learn that several of her son Matthew's new college friends are straight.

"I just don't know what we did wrong," she sniffled. "His father and I were always very careful to make sure he and his little friends were the most homogeneous group imaginable - in other words, fruitier than a greengrocer's. But I see now that all those talks we had about being just like everybody else were in vain."

She took a moment to compose

herself, then went on. "It's not like I have a problem with...with those people, because I don't. But I'm so afraid their morally reprehensible lifestyle will rub off on my son - before I know it, he'll be coming home for Christmas Break with a girlfriend! I've failed him as a mother."

Ohhhh noooooooo!!!

22-year-old Matthew Watson was not available for comment, probably because he was occupied with some typical straight activity like drinking plain black coffee, playing beer pong, going to class without combing his hair, or claiming that the Kinsey Scale should be turned into a binary system. ☹

...Stereotypical from front republican, with vague ideas pointing back to Lincoln who has been rumored to be gay...he's dead so it will stay rumors, but there are gay republicans out there, and they're usually really nice.

Activist - He has a tattoo of a rainbow on his back, pride rings and bracelets everywhere, stickers on his car, is part of HRC and will be all to happy to talk to you for hours about what the gay culture is like. Yeah, we're annoying and we'll go away if you vote the right way!

Dad - An older gay man who prefers younger gay men.

Son - The younger gay men who go with the dads...I mean really, its the perfect combo, old men like young people regardless of sexuality and young gay men often times

6 Great Ways to Turn Timmy Gay! A Guide For Parents

6. The more sports you force on Timmy, the more he'll learn to love ass-slapping and the 'male form.'

5. Make him terrified of arts & culture. If he thinks it's taboo, he'll want it more. Same for musicals.

4. Have him watch Fox News. It will develop his sense of camp.

3. For Dads: Act butch at all times. Don't show emotion and for god-sakes, don't hug him.

2. For Moms: Don't worry, whether warm and loving or cold and distant, whatever you do will wind up making him gay.

1. Teach Timmy to call everyone a 'fag'. Confused and sublimated desires combined with thoughtless name-calling will make for a fun coming out story!

* Of course, you could just love Timmy for who he is, no matter what, but we understand what a crushing blow having a straight son can be. After all, what kind of parent would you be if you didn't try to force your preferred sexuality onto your children, right?

-KP has it's own week! We're right in the middle of it! Imagine that! And lucky you, they've got a fun event tonight at 7:00 pm in the Wads Annex: Guess the Straight Person. Should be awesome.

-They have a cool acronym: GLBT and sometimes A. Sounds like a sandwich, but the guys over at Quiznos get really confused when you ask for one. Try one of the Subways instead.

-I have yet to meet a GLBT person I didn't like. I also haven't ever been told I'm going to hell, beaten up, or told to drink dish soap by one either. They're pretty peaceful people if you ask me.

-GLBT people represent a higher proportion of those who I classify (with my superior judgment, of course), as well dressed. As for the rest of you straight chums who haven't got fashion sense, keep trying. Or, as I've done, just give up and submit to their sharp styles.

-Gay guys compliment people a lot more. I can't remember the last time a straight guy complimented me on my person. Maybe they don't notice. Girls, sure, they compliment everyone all the time. But it's only the Gay guys who say nice things nearly as often. Are straight guys supposed to be insensitive blobs? Lame.

-A very very small percentage of the people killed each year by rocket launchers are from the GLBT community. In fact, I would go so far as to say straight people are targeted specifically, as the proportion of them killed is even higher than their proportion in society.

-Lastly, they're a hell of a lot more huggable. When was the last time anybody tried to hug that Purple Vest guy who was on campus last fall? I thought so. I rest my case. 🐻
