Orange County Burning Bush

By Jon "Big-O" Mahan
~ Daily Bull ~

By now most of you have probably heard about the giant blaze that is burning in the Orange County and Los Angeles areas. It's been weeks since they first started, and it's burning more acres by the day. They'll tell you that it's grown out of control and that it can't be stopped. However, what they won't tell you is that the blaze actually is a giant burning bush straight from the Bible! That's right! A bona fide Biblical blaze of bombastic proportions!

A burning bush of Biblical proportions, this blaze has swept across LA and Orange County like wild fire. All seven of the faithfully religious Christians in Orange County have come out to flock to the giant burning bush. They have said that the fire has been brought by God to punish Orange

Teabagging is for Teabaggers

By Katie Sheets ~ Daily Bull

The Concerned Citizens of the Upper Peninsula (CCUP) held their annual "Liberty Rally" in Veteran's Park on Labor Day 2009. I originally went to protest the rally, thinking what the CCUP were demonstrating was erroneously wrong. The people who attended the rally were kind enough to point out my errors in thinking, and now I can gladly say I'm pretty sure I've got it right! I would like to share with you the valuable lessons the CCUP were nice enough to share with me.

Lesson 1 – Taxes are BAD

The Concerned Citizens of the U.P. go by another name: Teabaggers. They completely oppose taxes, thinking it would be beneficial to stop all taxation. All services provided by tax dollars would then only be available to those who could afford them privately. I have to say, their argument for opposing taxes was very convincing. One member of the CCUP asked me "Do you want your children to have to continue paying [taxes] for their entire lives???" She had me at "children."

Lesson 2 – If You're Poor, Too Bad

Before the Liberty Rally, I was under the impression that sometimes bad things happen to good people. Well,

again, I was wrong. Ridding America of taxes and privatizing all previously public services puts the people who live under the poverty line at a severe disadvantage. Apparently it's your own fault if you don't have a job that pays over \$20,000/year. The CCUP's advice: Get a better job! Do I agree? Absolutely! Why blame the economy, environmental conditions, intelligence levels, and myriad other factors contributing to a person with a low income when you can lay blame right on the root of the problem – the lazy person who refuses to contribute to society!

Lesson 3 – Obama is a Czar

This lesson should really be called "How to Still Appear Patriotic when You Know Your President (and his Health Care Plan) is Evil." When I arrived at the Liberty Rally, I immediately felt out of place, not because I was carrying a sign that read 'CCUP = Sophistry' but because I wasn't wearing anything red, white, or blue. The Teabaggers looked chic and suave in shirts with the American flag printed on them and gaudy red, white, and blue plastic jewelry. They were wearing our nation's colors with pride while sporting signs that read, "Where is the birth certificate?" and "No more

Nathan Wonders: Anthropomorphism

Brought to you by Nathan "Invincible" Miller

I was taking a shower the other day, and as usual, I got down to thinking about random stuff. Looking for inspiration, I decided to read my Herbal Essences body envy (*ooh la la!*) volumizing conditioner bottle. Not only is this stuff fruitier than Carmen Miranda, it had some interesting instructions:

"use me: massage me in, close your eyes, enjoy, then rinse. Voila! you've got my full attention."

Since when does hair conditioner have a conscience? So every time I use this stuff I'm squirting out some of its life juices into my hand? I don't even want to imagine what that orange goop is. Methylchloroisothiazolinone? Stearamidopropyl? Yellow 10? Gross.

Are we really that desperate for companionship that we anthropomorphize our beauty items? I'm perfectly fine with my Pert Plus shampoo not talking in the first person, and let's not even get into deodorant or certain feminine hygiene products.

What's next, foodstuffs? "Hi, I'm a Tootsie Pop! If you suck on me for long enough, you'll get my soft, squishy center that's really delicious in your mouth. Race your friends to see how many licks it takes to get the surprise!" Poor kids. They'll never see it coming.

Mmm... a 'me' sandwich...

...Rally from front czars in government.” These signs brought up some tough questions such as: Where IS the birth certificate? And more importantly, where are the czars? The allegations outlining how Obama is a czar were never specifically addressed during the rally, but it was on one of their signs, so I’m going to believe it.

Lesson 4 – Water Boarding is the Answer

After reading a sign at the rally that said “Waterboard Congress!” the solution to a lot of our problems seemed much clearer. Since Congress isn’t making the *right* decisions, maybe we should just torture them instead! It seems rather reasonable to me.

Lesson 5 – How to Respond to Criticism

As I previously stated, I originally went to the rally to protest the Teabaggers. Thankfully I was able to realize my mistake early on and change my way of

thinking. There were, however, a few unfortunate souls present that were not as easily convinced as myself. The protestors attempted to scare the CCUP by yelling and taunting. In response to this, the CCUP handled themselves quite beautifully, simply replying to the protesters with elegant quips such as “Get a job!” “Cut your hair!” and “Take a bath!” From now on whenever I am being contested, I will reply in quite a similar manner.

I hope these lessons were as eye opening for you as they were for me. I know I will never look at politics the same now that these ideas and ideals have been instilled in me.

Yoo-hoo! Look at me. I am a cute and adorable puppy. I’m sitting in a big **empty space**, though, which makes me real sad. No one to **pet** me, no one to play **fetch** with me... I guess I’ll just sit here and lick myself out of sheer boredom. But hey! I bet you, a super-cool **student organization or business**, would love to make a great ad to sit here and keep me company...

had, to which the residents quickly complied. Many houses couldn’t evacuate all their priceless modern paintings in time, but at least they saved all of their poodles.

When asked to comment on this, they asked what we were talking about. In conclusion, according to the flocks of religious, Orange County is burning for it’s selfish and vain sins. But what will become of this giant burning bush?

We’ll keep an eye on this massive burning bush and let you know if God gives us the word. ☺

Some scholars have detected seismic activity in a normally seismically inactive region, hinting that God might be erecting two massive stone tablets to remind people of the commandments they don’t follow. Some just think it’s an earthquake, and that the fire is just a rapid heat catalyzed chemical exchange between oxygen and a fuel source, resulting in carbon dioxide and water as the main byproducts of the reaction.

Like, omigod! I think I left one of my diamond-studded 24k gold Prada stilletoes sitting on the marble counter next to my venti double-shot espresso frappuccino cappuccino mocha latte frappe! Daaaaaddy! Tell the first to stop!

Such talk clearly is ridiculous. Who could think that to be true? Certainly not the droves who have watched as the fire burns, desperately waiting for some word of God other than Snap, Crackle, and Pop. This has led many of God’s once-faithful followers to leave the faith and convert to a new local sect of Rice Krispy-ism, in which believers only eat Rice Krispies.

Fire fighters recommend that all residents in the area move out as soon as possible, even though the fires are weeks away. When several residents complained about this, the fire fighters noted how much stuff each resident
