## News In Briefs Stupidity Now A Terminal Disease

By Cameron Long ~ Daily Bull

New York City -- Goldman Sachs CEO Lloyd Blankfein was found dead in his mansion early yesterday morning, following an extensive manhunt. Blankfein, who recently received a 333% pay raise, plus \$12,600,000 in stock (a 42% increase from the previous year), had been missing since early last week.

NYPD officers associated with the case spoke with The Daily Bull on a condition of anonymity. "We found him in a remote wing of his residence, near a mini-fridge. He apparently got lost and couldn't find his way back to the kitchen. Empty bottles of Bling H2O and caviar remnants were scattered everywhere. He'd even raided a nearby closet; he had wrapped himself in blankets for warmth. In fact, there was no medical reason he should have died

## Endorsements

By Alec Hamer ~ Daily Bull

Have you heard the wondrous news!?!? hearing that Winter Carnival was still a Michigan Technological University will ways away. But Lady Gaga arrived soon thereafter to "endorse" the school by taking provocative pictures next to the MEEM for an Esquire advertisement that reads "Think you can handle the Brick Dick? Think again."

Smash hit by Hayden. Body by milk. You don't have to be a hero to feel invincible. That's why I drink milk. The protein helps build muscle and some studies suggest teens who choose it tend to be leaner. Cheers to that.

First up was Tom Cruise. He didn't have much to say except for the continual stating of the fact that the ratio is 3 to 1... very odd. He also said that Fisher 135 should be renovated to be a better showcase of his movies. Narcissist.

Ke\$ha arrived only to promptly leave after

... Sachs from front  
– he just gave up and expired.”

“There were some who suspected foul play early on, you know, because they took all that government money and gave it to Mr. Blankfein. Add to that the fact that Goldman Sachs’ profits fell 38% last year and it’s no wonder people didn’t like him. But we didn’t find anything that would suggest this was a deliberate act on the part of a disgruntled shareholder. Turns out he was just plain stupid.”

... Cereburiti from front seal as the presidential seal, Obama left after one inch of snow accumulation, raving about how he didn't want to get delayed at the airport like he does in the light snowfall of D.C.

Keanu Reeves made an appearance in which his face never changed. It was like the guy doesn't experience emotions or something. He rambled on about Bill & Ted's Excellent Adventure like it was his greatest achievement then disappeared through a landline.

Hugh Hefner showed up and immediately turned into dirt. According to the coroner, "There was very little that could have been done. After years of coitus it seemed the only thing keeping him alive was sheer sexuality and it seems as though he started showing a loss of libido around the announcement of his wedding."

Kanye West made an appearance and after learning of his reasonable pay of \$200,000 he demanded more: "This is ridiculoussssssss, I am the voice of generationssss" in auto-tune, of course.

Sarah Palin Showed up and no one cared.
