

...from Condoments on front

in January declaring me as one of the free condom recipients.

Now, who doesn't like free shit? I was excited, to say the least, until I realized that I would be receiving 500 CONDOMS THAT NEED DISTRIBUTION. It wasn't until Valentines Day (still can't get over it haha) that they arrived.

I got home and found the package. How does Trojan choose to ship 500 condoms? In retail packaging? Nope. How about long ribbons of condoms, waiting to be individually torn off when used? Nope. In the cardboard box was a big, clear plastic bag with 500 individual condoms. You would think it would be most economical to ship only one type, say normal lubricated condoms but that is just simply not the case. It's a veritable smorgasbord of condom delight! I got all types: Magnum, Twister Lubricated Magnum, Trojan-ENZ, Fire & Ice, Shared Pleasure, Her Pleasure, Twisted Pleasure, Very Sensitive and Intense Ribbed. For those who weren't counting that is nine varieties of condom. NINE!

So, now that I have all these condoms it is time to start distributing them in the most effective manner. Looks like I have some work ahead of me... 🐻

That is a LOT OF CONDOMS. On a side note, ladies, They don't call me Alec THE HAMMER for no reason!

...from SOULLESS on front

"...SSOOOUULLLSSS..."

It couldn't be! How was this possible?! He was a Ginger!!!

I flew from the hallway towards the stairs that lead out of the building. The stairway was empty of life, but there was chair part way up the flight and what appeared to be footprints in blood on the platform. What is going on?!?!

I rush through the lobby, and out the double doors. Shocked and horrified, my graceful flight comes to an abrupt halt. Overturned cars littered the pathways. Chalk graffiti was on all the sidewalks and had made its way onto every building in sight. RED DAY HAS COME! BEWARE THE SHADOWS! GINGAPOCALYPSE IS HERE!

What had happened? Where were the students, the professors, the staff... the squirrels!?!? But most of all I needed to know, as I glanced at my reflection in window on one of the few Chevrolet Volts that Michigan Tech seemed to claim for their own marketing campaign, why had I not been infected the same? Why, with my red hair, could I walk in the daylight? Was I... a Daywalker???

Ginger babies will suck your soul out through your boobs! Do not breastfeed!
