Creating World Peace

by Olivia Zajac ~ Daily Bull

I have it. I have the way to bring world peace to this planet. And I can use my awesome degree to achieve it. You see, the main reason there are wars isn't over land or oil or other natural resources. War isn't even a dick wagging contest, although the root does lie with the dick.

See, everyone is angry over the dick. Men don't think they're getting their dicks sucked often enough, and women hate feeling they are required to perform this act, and that its end result isn't exactly easy clean up. The solution lies with the oral sex. More specifically, with the narsty jizz

that results. My proposal to bring about world peace: make jizz taste like a decadent dessert.

Now, I know what you're thinking "Brolivia, you be crazy!" And I am crazy. Crazy like a fox. If the end result of a blow job tasted like magic, we wouldn't have this problem. But the "pineapple juice" method sucks, no pun intended. But my plan is to create some sort of pill or drink by working with the flavorologists at Ben and Jerry. It will be toxin free, gluten-free, allergen-free, all natural, and everyone will be in a better mood. Guys will be getting off

Valentines PTSD Conquers MTU

By Kay McMahon ~ Daily Bull

The days following Valentines have been few but long. The heartache of the lot of us has taken its toll. Any girl caught with a Crush can or new piece of jewelry around these parts is automatically loathed and despised, especially if she's prettier than you.

Without a doubt some girls have fallen short of hugs and kisses and are now planning the death of the man they once loved- or the death of the couple that actually celebrated the day. "All I wanted was chocolates, that asshole! How hard is that? I mean, REALLY?!" yelled one broken-hearted girl.

The women who press the issue that is Valentines are typically more cynical and bitchy than those who are trying to stay out of the spotlight. There are many activities to keep those single sweethearts busy as we all know. Being hateful towards anyone who does get flowers and chocolates is one of them, obviously. I recommend buying the entire half off candy and stuffed teddy bear collection from Walmart at midnight, lighting them on fire or throwing them at innocent bystanders.

Guys concern themselves not with the hallmark holiday over their video games and programming at MTU. "I mean bitch wanted flowers, I wanted to play

No woman will ever be truly satisfied on Valentines day because no man will ever have a chocolate penis that ejaculates money.

 way more often than before, and girls will actually enjoy the fruition of their work.

Since every girl (and guy) enjoys different tastes, the creation of this in pill or liquid form allows men to adjust the taste of their spunk based on who they are currently hooking up with. Tiffany enjoys chocolate? Rachel likes strawberry? John loves pork rinds? All these flavors and more will be developed. Specialized flavors will be released seasonally for New Years (champagne), Valentine's Day (chocolate strawberry), 4th of July (apple pie), Thanksgiving (pumpkin pie) and Christmas (sugar cookie). This is the starting place, and once it gains popularity, endorsements from the porn industry will start rolling in.

How will this product end up creating world peace? No more wars. Everyone is either too busy getting blown, or too busy with a dick in their mouth to fight. It's a great solution, and this idea will totally win me Miss America one day.

broomball and finish my pchem, what's so hard to understand about that?" said one unconcerned second year male.

It's true life was easier in the first grade when we made Valentine's Day boxes and legitimately thought that every valentine we got was the best thing ever and actually mattered. But in 2012, I'm telling you this. Suck it women, it's just another day in the life of love. You either got it, or you don't. Either way suck it up cupcake. ☹
