Picking Up Dudes

by Steve The Whittaker

Normally I write the many easy ways for guys to attract the ladies, but I thought it was a bit unfair for me to never address the opposite concern. So this article is for you, ladies! I am confident if you take these tips* to heart they will help you win his.

Now there is no perfect step by step procedure to achieve the end goal of bagging your man but here are some examples of situations and pickup ideas for you to digest and put your own spin on.

One good approach is to be a raging bitch. Guys simply love this. If you can be as much as bitch to him as possible at every possible moment you are sure to win him over with ease. Tell him he is a

complete dim-witted dumb ass, or that his sense of style is that of a 70 year old grandparent. Other options include telling them they suck at something like sports, video games, beer pong, drinking, or being manly. The manly one works best on those kinds of guys who really like to muscle-build.

Another possible approach is to snoop into his life. You must constantly shower him with questions at inappropriate times asking what he is doing and who he is with and other questions of that nature. If he goes somewhere, follow him. If he starts to talk to another girl, quickly butt in and grab his "attention" away from her. The ultimate goal here is to make yourself his center of

OH THERE YOU ARE WINTER!
 How nice of you to join us!

My New Year's Resolutions

by Liz Fujita ~ Daily Bull

Welcome, everyone, to 2012! For some of you, this is the year you will finally graduate and get out of Houghton forever. For others of you, this is (supposed to be) your first experience with Houghton winter and the thrill of broomball! For some arbitrary reason, it's customary for people to make resolutions to begin the new year – you know, things like "lose weight" or "stop smoking" or "kick fewer poor people in the teeth with steel-toed boots."

So, what has the Daily Bull's evil dictator resolved to do this year?

Fewer lashings. It was brought to my attention that giving out severe lashings to my minions when they are disloyal or don't write was not the best approach. In fact, I'm pretty sure some of them slacked on purpose so that they could get whipped, which is just messed up. Instead, I think I'll take up puppy-stomping as the new punishment mechanism.

Fewer misprinted Bulls. Do you people have any idea how many times I've misprinted the Bull? OH MY GOD, LIKE EVERY WEEK. The printer sometimes jams, or I forget to specify which pages to print, or sometimes I'm just distracted looking out the window balefully at the MEEM... either way, there are too many casualties. For the sake of all the trees out there, I'm going to be more attentive when I prin—OH MY GOSH, THERE IS A SKI RUNNER 2.

More cocaine and hookers. In addition to fewer lashings, I think that my minions would appreciate if there were more hookers – space

hookers! On rocket ships! Covered in flames! And lions! Man. This is going to be an expensive New Year's resolution. Good thing I love my minions - and won't get the clearance hookers that come with gon-norherpasphyllaids.

Be more violent in broomball. It's hard to be a presence on the ice when you're 5' 2". So, this year, I think I'll make it a New Year's resolution to eat tons of spinach, wear monstrous boots, and be a Godzilla on the ice. FEROCIOUS. None shall survive my tiny Asian fury!

Keep my g-d-f'ing email in line. Seriously. What a mess. I can't even find anything without spending 30 minutes clicking "next" or searching for variations on "surfing down a mudslide wearing pleather pants."

See The Hobbit movie. Enough said.

I imagine Godzilla Liz looks like this...

News in Briefs: Man attempts Ski-Runner on Mont Ripley

by Jon 'Big-O' Mahan ~ *Daily Bull*
MONT RIPLEY, MICHIGAN- A local man has died in the hospital today, after having attempted to pull off the hit game from a few years ago,. Ski-Runner, on the Mont. Sources say he died of terrible acid over-dose.

The man, a local MTU student wrote a note in his dorm room saying the following:

"Dear world,
With blackboard, mastering physics, wiley plus, aris, and especially matlab in ENG1101, there is just no more reason for me to live normally any more. And so, I shall attempt to recreate Ski-Runner on Mont Ripley tomorrow. Can you say high-score! (Get it? High?)"

Authorities are now attempting to determine if this was a suicide attempt, or if stupidity was the true cause of death (not withstanding the overdose).

...from **Meat Trap** on front attention at all times.

One penultimate example before I conclude this article and this one is a surefire way to nab a man if you are clever enough. Basically you must set up a trap. I mean, physically trap him. You could for example dig a hole, camouflage it, and use a plate of bacon as bait, guys love bacon. Another option is somehow knock him out, whether it is drugs, alcohol, a hard knock with a baseball bat, or any combination of those. Once knocked out drag him to a secret place. You can keep him there as long as you desire and more than likely he will eventually fall for you. If not, well, just keep him tied up and he won't be going anywhere.

"Cast Iron" Carl Blair Responds to Article

Brought to you by the Evil Dictator

Does anyone remember that one article from a few days ago about BlackBoard? No? Well, let me refresh your memory on the relevant part:

"For its last meal, the education program reportedly has requested spotted dick, jello shots, and the deep-fried heart of Carl Blair. Michigan Tech is still working out the legal ramifications of meeting this request."

And, here you have it, straight from the man himself! Says Cast Iron: **"Deep fry my heart for Blackboard - come now! I'd donate old toenail clippings but that is it."**

Well, shit. He knows we exist now. ...oh, who are we kidding? Blair, you're our favorite, even though we can't remember the seven signs of dwarves or whatever.

Eye-witnesses report a crazed man riding the ski-lift to the top, and embarking down the bowl to get acid that he'd thrown out before him. Surprisingly, he was able to do this, and kept getting back on the lift to get more acid. When someone tried to stop him, he just kept going and going, until he accidentally skied himself into the Portage, where he fell through the ice. Authorities say he survived 30 minutes under there, thanks to the acid, before dying of overdose. He did however, get the highest score possible. 🐾

On that I will end this article, but here is one final note: if you are a female that chose to go to Michigan Tech it is likely you have made the first step in ensuring your future with a man. So keep your hopes high and good luck

to all you ladies in finding the man you want!

Editor's Note: heh. Take these tips.
