How to Lose A Guy/Girl in 10 Seconds

by Connor Knudson ~ Daily Bull

We've all been there, in that moment, that gut-wrenching, teeth grinding, so awkward you could almost die (more on this tactic later) moment where you find yourself across from HIM/HER. Your heart starts beating, you start hyperventilating, and you start rattling off the best ways to lose a significant other before you even have them...

- The mouth breather (take a step or two back, Darth Vader).
- The advocate for the "showers are a waste of time" club.
- The creep.
- The douchebag.
- The "All of the Above" (and let's face it, this moment is a test and the answer is ALWAYS all of the above).

Now, we all have our own traditional fallbacks in order to get out of this moment, but those don't always work, do they?

- Have homework? He/she would be glad to help! (Uh oh...)
- You need to go to the bathroom? They'll gladly wait! Right outside the door too... (not looking good...)
- You have to get to class! Nice try, but who has class at 10 PM on a Saturday? (Back away sloooooooooowly now...)
- If all else fails, it's time to drop the bomb! "I have a boyfriend/girlfriend!" They'd love to meet them! (ABORT, ABORT!)

If you've had to resort to these excuses recently, or hell, ever, then you've see 2.0 Megapixel on back

The Purple Light

by Theresa Tran ~ Daily Bull

There have been many whispers traveling through the dorms of Tech and the streets of the Keweenaw Peninsula. Today, I am here to unveil those mysterious thoughts to the public. If you have heard any of the strange whispers, you can now know that they are valid. Michigan Tech students have been booking study rooms for business. What kind of business you ask? Well think of it as a way for Tech students to relax and receive a massage from a friendly and experienced employee. Not only do stressed students get the chance to relax and receive a massage, the students working at the massage clinic receive income from their services. The more experienced the student is with massaging, the higher their pay is.

I was fortunate enough to be introduced to the founder of the massage clinic, Imma Beach. "You know, it is so great to get all of these volunteers both male and female. Normally a male customer will be matched up with a female employee and the same the other way around. Ultimately, it is really up to the customer what they prefer though. Our motto is 'relax your way to climax.' It is something that all of the employees here have taken to heart."

Imma Beach's thoughtful words encouraged me so much that I had to try the clinic out for myself. It was a complimentary massage that Imma offered to me so I had to take her up on the offer. I preferred to have a male employee give me a massage and was given Rico for an hour and a half. Due to some confidentiality agreement that I signed, I am not legally able to tell the public what the massage was like. All that I can say is that Rico is very talented with massage and he did not always use his hands.

Pic O'The Day: Thanks, Satan.

Speaking from experience, the centipede ones taste like death and poorly cured orphan tears mixed with chili powder.

All sciences are now under the obligation to prepare the ground for the future task of the philosopher, which is to solve the problem of value, to determine the true hierarchy of values.

come to the right place! Don't fret good Sir or Madame, because here are five quick and easy (10 seconds, remember?) ways to get that bogey off your tail!

1. RUN! This one's fun; maybe you'll set a world record in your ten second sprint! A good friend of mind tried this one once before (not kidding). It worked! Kind of...just remember to maintain your distance, indefinitely.
2. Their Own Medicine. No one hates anyone more than themselves! Give 'em ten seconds of looking into a mirror! The more obvious and extreme your impression, the better!
3. Fart. A Lot. The more audible, the better! Even if you fail to release some gas, the face you make while you try will certainly make them question your sanity (and why they're even near you).
4. Play Dead! Give in to that instinct and roll those eyes into the back of your head. Give the ground that trust fall it's been waiting for (don't worry, it'll catch you)!
5. Tell Them You Write For The Daily Bull! Don't use this one if you actually want to talk/flirt with this person (we all get desperate sometimes), 'cause it works...guaranteed... 🐻

So...Maze, Anyone?

The massage clinic is open 24 hours and seven days a week. The current location is room 69 in the basement of The Library where appointments can be made. Also, I am aware that the clinic is looking for volunteers and is currently hiring. Some requirements that the clinic is looking for in their employees are experience with the art of "massage" in various dimensions, charisma, and a nice smile. Hurry Tech students, positions fill up quickly. If you are interested in joining this great cause, look for the purple light folks. 🐻

FOX Broadcasting Takes Gamble on Downton

Abbey Reboot

by Elise Conley ~ Komandarm

Programming officials for Fox Broadcasting Co. have given the green light to a new television series based on the popular British drama, Downton Abbey. The pilot for Downton ABBA will air early next month.

"Think of it as a cross between Downton Abbey and Glee," said executive producer Brad Falchuk. "Except it takes place in America and all they sing are ABBA songs.

"I know - brilliant, right?" he added.

Fox has purchased six episodes of the series, which depicts the lives of one-percenters the Carson family and their upper middle class friends in an Obama-era America, with current and recent events playing a large role in the plot of each episode.

Each show features a classic Abba hit performed by the cast with the lyrics updated to reflect the context of that particular episode. Songs slated for the first few episodes include Obamamia, Gimme Gimme Gimme (A Tax Break for the Wealthy), and Fiscal Queen.

"Everybody loves ABBA: ABBA remixes, ABBA rehashes, ABBArevivals," said Fox Entertainment president Kevin Reilly. "We're just doing what Fox does best: taking two great ideas someone else came up with, mashing them together, adding some unoriginal flavor, and calling it our own.

"I know - brilliant, right?" he added once more.

Asked if any of the original ABBA members might make a guest appearance on the show, Reilly told The Bull, "You never know." Asked if any of the original ABBA members might make a guest appearance on the show, Benny Andersson told The Daily Bull to get off his property. 🐻
