Ski Jumping Drinking Game

by Resident Drunkard ~ Wino

Ski jumping, an insane sport that most people would consider more akin to being a superhero than an Olympian. No matter the circumstances, they do often show it on TV a lot and thus, needs a drinking companion!

Take one drink whenever someone beats the current farthest distance

Take one drink whenever you think someone's not going to make it

Take two drinks whenever someone looks like they don't know what they're doing

Take a drink whenever someone talks about Women's Ski Jumping being in the olympics for the first time

Take a drink when someone's outfit matches their skis

Finish half your drink and pour out the other half if someone crashes

Take a drink if you think you could do that, because most likely you can't

Take three drinks if an American gets gold, two if silver, and one if bronze

Girl Gives In To Random Request, All Parties Surprised

by Olivia Zajac ~ Keyboard Deity

COLLEGE CAMPUS, RANDOM TOWN – All are in shock as a normally level headed woman, Chelsea, admitted on Facebook to sending adult content images to a male friend, Karl (name changed to protect his manliness). Her status read as follows:

Soo normally I'm totally unattracted to greasy slime-balls who beg for pictures or offer a picture exchange if I send first. Normally it's a huge turn off, but for some reason today I just changed my mind and decided to go for it. I mean, why shouldn't I be flattered that he [Karl] clearly only asked me for a picture of my rack? Maybe I've been trying to attract males the wrong way my whole life! If they appreciate my rack, then clearly they respect me as a person.

When questioned about her decision, Chelsea had this to say, "Well, I mean, all these years I've been thinking that men should respect me for who I am, and appreciate the beauty of my mind and all that other stuff they tell, what I've come to understand, the less pretty girls to make them feel better. But come on. It's totally a huge compliment that Karl asked to see my breasts. It means he appreciates my body. Or. Well. Part of my body. I mean, he didn't wanna see my face or anything else. Or take me out on a date. Or talk to me when I said hello the next day. So maybe he's just, like, really particular about what he appreciates about me. Objectify me? No, he wouldn't do that. He said it took a lot of courage and stuff to ask me about it, and I totally believe him. Or, well, that's what his text said..."

When our reporter went to question Karl about the incident, he simply stated, "Well, I figured if I asked enough girls, someone would give in eventually.

"The problem, often not discovered until late in life, is that when you look for things in life like love, meaning, motivation, it implies they are sitting behind a tree or under a rock. The most successful people in life recognize, that in life they create their own love, they manufacture their own meaning, they generate their own motivation. For me, I am driven by two main philosophies, know more today about the world than I knew yesterday.

And lessen the suffering of others. You'd be surprised how far that gets you

from Sexting on front

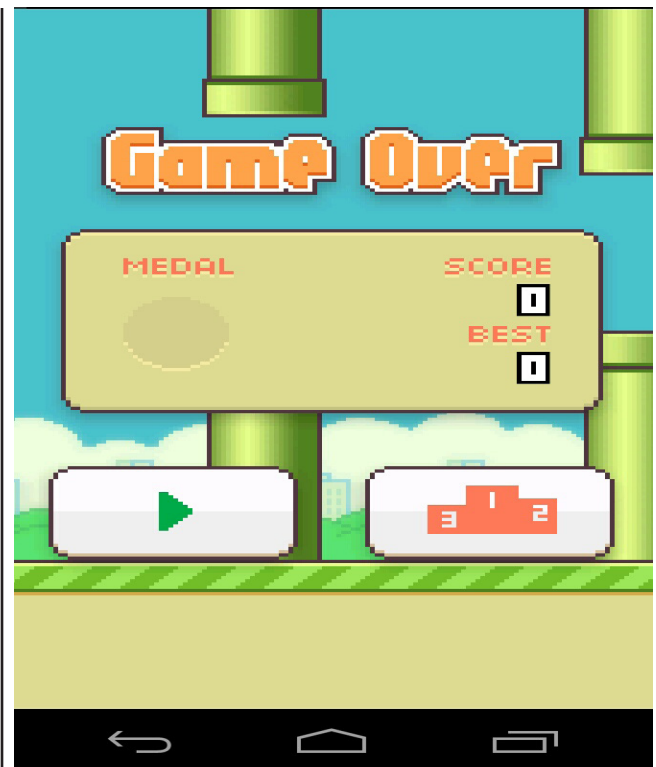

After the third or fourth time, normally I'll tell them they're being too sensitive or their scared or something to get them all riled up. Normally does the trick. We're talking about Becca, right? Uh... Stacey? I mean, come on, it's almost Valentine's Day, and I'm single. I deserve to see something! That's like, what all the guys do. Totally normal. Why are you making this such a big deal?"

Feminists on campus are outraged, Chelsea's friends are trying to calmly talk her through what she did and to throw out the Cosmo, bros are high fiving Karl like it's their jobs, Chelsea's mother left a disapproving comment on previously stated status, and society barely even took notice to the incident, and kept on trucking. ☹️
