

The Daily Bull is probably not suitable for those under the age of 18 and should not be taken seriously...

-like The Onion, but shittier!

IT'S BEEN.. LIKE..

The Ides of March

Caesar Cutter

The Ides of March is upon us! To commemorate this event, the day in which Julius Caesar was owned by his closest advisors and repeatedly stabbed stabbed stabbed, let us look at some other instances of bros being boinked due to some seriously unresolved beef.

THE CANING OF CHARLES SUMNER

On May 22, 1856, anti-slavery Congressman Charles Sumner was beat by one Preston Brooks, also then serving a position in Congress. Sumner had dissed pro-slavery loser South Carolinian Andrew Butler in his "Crime Against Kansas" speech. Brooks beat Sumner with a cane because he believed that Butler was actually "a distinguished gentleman". Duels are for cowards, all the real ones know that savage beatings with metal canes is where it's at! Sumner survived the incident, but was badly bloodied, and served another 18 years in Congress afterwards.

THE COUP THAT THREW LUMUMBA

Patrice Lumumba was the first Prime Minister of the Republic of the Congo. He was instrumental in Congolese freedom from Belgian rule, and widely seen as a martyr for socialism and Pan-Africanism. In 1960, shortly after independence, he appealed to the UN and the United States to help suppress a military mutiny. When Belgium, still salty about losing their rubber and diamond slaves, told the United States that Lumumba could not be trusted, he was left with no choice but to go to the Soviet Union for assistance. This really pissed off the United States, and they promptly put The Congo in the White House Burn Book just like Mean Girls. Dirty Communist!

they called Lumumba. The United States CIA helped fund efforts to have him assassinated, to which Lumumba's President Joseph Kasavubu was instated as the leader of the country. Cringe.

ONLY A SITH DEALS IN ABSOLUTES

Young Anakin Skywalker, upset with the leadership of the Jedi Council, and under the influence of the evil Sith Lord Sidious, was blinded by grief of visions in which his wife had died in childbirth. He became an edgelord, killing a lot of kids and generally being a fucking monster. When his master, mentor, and brother-in-arms Obi-Wan Kenobi attempted to stop him, Obi-Wan left Anakin for dead on the lava planet of Mustafar. You'd think this would be the end, but Anakin survived! He carried that beef for so long, then resigned to be a cyborg because of his injuries from fighting Obi-Wan. Some 20 years later, Anakin, turned cyborg space Nazi who had assumed the name Darth Vader, killed Obi-Wan.

Keep your eyes peeled, reader! Sometimes, the people that wish for our downfall are the very people that put us up on pedestals. They got shooters everywhere. Protect ya neck.

"I mean the last few elections have pretty much been a joke anyways, may as well make it canon. It seems to have worked out for Ukraine – Zelensky seems like a pretty chill dude" - President Camacho's Campaign Manager

"Camacho is a true patriot who will make this country great again, and... hey – wait a second – I'm running for that office. Fuck off" - Donald Trump

"We really thought that getting Trump in office would've been enough to finally start another Civil War in this damn country – and it almost was. However, it appears that we have still somehow underestimated the tolerance of this country's people. Regardless, we will continue with our efforts" - [REDACTED], Boogaloo member
