"The trouble with being punctual is that nobody's there to appreciate it."

Yet Another Random Situation

By Jeremy Moore ~ Daily Bull

As you approach your mailbox, you hear a certain thumping noise. You ignore it, playing it off like it is just a "figment of your imagination," which you tend to do often to your homework. The moment you open your mailbox, you notice a strangely wrapped package in the back of it. After you notice this, you attempt to reach in and grab it, but all of the sudden a chipmunk appears from behind it. This chipmunk is foaming at the

Homecoming King Assassinated in High School Insurrection

By Liz Fujita ~ Daily Bull

Violence broke out in a Chicago-area high school last weekend following the medieval assassination of their Homecoming King. Jason Degrasse had only been enjoying his throne for three and a half weeks when the deposed monarch, Prom King Chad Blake, grew envious and violent. The school, Champion High School, is investigating the crime.

He looks like he REALLY wants to be there...

Blake's loyal followers agreed to the former-king's demand that Home-comer Degrasse be booted from the highly-coveted Seat In The Lunchroom Corner Where All The Hot Girls Go. A Champion cheer-leader wept, "Jason Degrasse was like

a god." She daintily wiped away a tear, gazing vacantly into the middle distance. "He won homecoming king because he was, like, truly great at science and soccer and not getting caught when he drank. We will miss him."

The ex-king Chad Blake hired a mercenary army of academic bowl nerds to help him reclaim the throne. The geeks, who wished to remain anonymous, were an

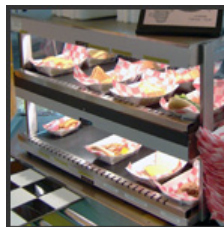

obvious source of historical downfall ideas. Blake chose a modern version of tar-and-feathering – dousing him in cafeteria cheese and "the little fringes from papers that professors always tell you to tear off." Degrasse, it would happen, was so severely lactose intolerant that his body rejected the cheese, the paper clippings, his eyebrows, and most of his visceral

mouth, ready to nibble away all of your fingers. You quickly pull your hand away from the package and the chipmunk, and slam the mailbox shut. This may have not been a good idea because now the mailbox is shaking to and fro. The chipmunk is pretty much raging inside your mailbox - what do you do?

First thoughts: call animal control and have them handle it, but they may also take your box. You cannot risk losing that box! If they take it, you will

be left with a sense of un-fulfillment and desire for the rest of your life. Do you want that? I didn't think so. As you glance around you happen to see a neighbor passing by. This neighbor is that asshole who likes to work out like 20 times a day, 7 days a week just to prove he can handle himself. Although... I think he is compensating for something. You have always hated him since you could remember, so you decide to ask him to get your mailbox open. You explain to him that you are too weak and are incapable of handling something as simple as a mailbox. He grins, chuckles, and rips off his shirt for all the ladies in the street to see.

"Step back pipsqueak," he boasts as he shoves you aside, and thus knocking you to the ground.

He rips off your mailbox and shreds the door from the front. Little did he know that the chipmunk was in the mailbox. The chipmunk leaps straight at his nipples and latches on with all of its might. A piercing scream echoes throughout the suburb and all of the women begin to laugh hysterically. The sight they were witnessing was unimaginable. A giant beefy man getting his nipple chewed off by a chipmunk, and he is so afraid of the little creature that he just girlishly prances around in a large circle, screaming nonsense.

As all this commotion is going on, you grab the package from your mailbox and run inside. What mysteries await inside the package? You will have to wait until my next article to find out! Mwahahahaha, the suspense is almost killing you isn't it? Although that might be the laughter spewing out of your mouth, or puke coming from mouth because a rabid chipmunk is gnawing on a grown man's nipple. 🐿️

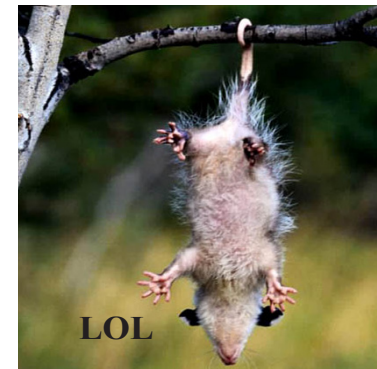

... Nach'your cheese from front organs.

Somewhere between lunch and fifth period, Degrasse's gooey remains were discovered, crown dripping with nacho sauce. Blake claims he had nothing to do with the incident, though authorities report he was scooping cheese from the scene of the crime with Tostito's Hint of Lime chips.

"I don't get what the big deal is, man," he thugged to the Daily Bull after being detained. "The little prick stole my crown, man. I was prom king last year with this totally hot girl, and then he came along, man, and just took my territory, man!"

Champion High School's cheerleading team also suffered severe losses in the assassination, since 1/3 supported Degrasse, 1/3 supported Blake, and the remaining 1/3 had slept with each one so much they didn't care.

Blake will be on trial for manslaughter; the academic bowl nerds were let off with in-school suspensions due to the local court's fear they would know the law better than any judge. 🐿️

God forbid that chipmunk be a chipmunk-tula.

Shortly after the homecoming-prom king dispute, several student congress leaders faced death threats. However, many of these came from the school's principle who disliked having his power subverted (pictured left, a new victim of nacho-cheesing).
