The Daily Bull is probably not suitable for those under age 18 and should not be taken seriously... like Gaddafi!

## A Slutty Mad Hatter, a Slutty Optimus Prime, and a Slutty Jack Sparrow!

By Kay McMahon ~ Daily Bull

A question packed with moral anguish and perhaps ethical consequence: "To wear or not- to- wear an outrageously slutty Halloween costume?" The pro's and con's of costume-wear are deceiving. Cons include attracting the worst kind of perverts, for example: who really wants to bang a cat or a bunny?

On the other end the probability of getting laid in a school girl costume is presumably higher than getting laid as the zombie bride of Frankenstein.

Another con includes conformity; everybody else is doing it so why not, right? For the record, conformity could also be a pro. All my friends are dressing like

## Just Couldn't Take It, Eh?

By Cameron Long ~ Daily Bull

Houghton, MI – A body was found early unwilling to identify himself, was perplexed with the event: "I mean, how did he fit through that window? They barely let any light through; they're designed to keep the engineering students bottled up and unaware of the outside world. It makes it a lot easier to keep them solving statics and vibes equations for hours at a time- I shouldn't have told you that! You won't print that, will you?"

According to investigators, the hardest part was identifying the body, as he "kinda hit head first." A check of Michigan fingerprint records was key, as he had been arrested once for gratuitous speeding. John Q. was a freshman at MTU, and lived in Wadsworth Hall. He had apparently told his roommate, who went by the name of "G'bye Cold World on back"

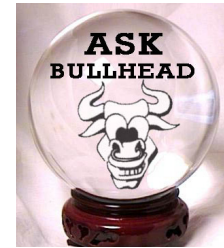

*Yeah, I would kill myself too if I had this to look forward to. Wouldn't you?*

Said one officer on the condition of anonymity, "There's not much to this one. It looks like an open-and-shut suicide. There were no signs of a struggle, nothing suspicious."

An administration official, who was simi-

Is it true that if your roommate dies, you get A's in all your classes? – Mr. Opportunist

Dear Opportunist,  
This is 100% true. Absolutely. However, it only extends to roommates who die via brutal suicide or auto-erotic asphyxiation. The gruesomeness of the former, or the morbid humor of the latter, is considered too psychologically damaging to finish your classes. Subsequent dead roommates will not get you the grade boost, though they will likely get you a thorough police investigation. Also, although one could consider me as a roommate if you have a stack of previous Daily Bulls in your room, you do not get the grade boost if you were to shred all instances of my smiling face in your room. So don't even THINK about it.

I heard this new abbreviation, BDSM. Is that another building on campus? – Anonymous

Dear Anonymous,  
You have a good eye! Nearly all buildings on campus have some sort of nickname or acronym, such as the MUB, EERC, M&M or MEEM. BDSM is the new planned Biomedical Engineering building, and actually stands for "Biomedical Department of Science and Measurement building". Of course, I can almost guarantee that MTU is going to be lame and change the name once it gets through the bureaucracy that BDSM might stand for something that the University does not want to associate itself with directly. C'mon, Prez Mroz, the students need a good chuckle!  
As a bonus, here's a little-known fact: Rekhi Hall was once called a different name. It used to be known as the Center for Integrated Learning and Information Technology. For those who are too lazy to look closely at it, the acronym was the CILIT. Cue the jokes of new freshmen, lost on campus, looking for the CILIT. Ain't history grand? 🐮

Where the FUCK is Bemidji State University?  
And what is a Bemidji?

... Skankachu from front skankoids so at least we're doing it together! Yay conformity!

The statistics from previous years at MTU show that approximately 95 percent of all freshman girls and boys will wear less clothing and more make up for the holiday. Dressing like a hooker is more desirable for freshman girls than drinking and texting! The other five percent can be found in some kind of couple-wear including PB&J, ketchup & mustard or an ever-so-popular Juno & Bleaker.

I choose you Skank-a-chu. Use your special move, Flash! It's super effective!

Halloween has become not just a holiday, but seemingly a rite-of-passage. It's the one day... well, these

days.... okay, whole weekend where girls can walk out of the house like a complete prostirot (yes, like tater-tot only of the human variety) and it has become somewhat socially acceptable. It's really almost epic what you can make slutty these days: slutty mad hatter & slutty Alice, a slutty any-kind-of-animal-at-all-ever, a slutty nerd, a slutty noun,

a slutty engineer, even slutty computer science major, slutty cartoon characters, and for certain, a slutty optimus prime... any kind of career orientated costume can certainly be made for lack of better words, slutty. Getting creative is another con to our list: if you can make Dora the explorer slutty, I feel like you're winning. Halloween-end is soon approaching what are YOU going to be?

I wonder if he gives a good screw, but she's got to be nuts if she can handle THAT.

## News in Briefs: Gaddafi is Dead (right?)

By Jon 'Big-O' Mahan ~ Daily Bull

WHO THE HELL KNOWS WHERE THIS IS, LIBYA- The old tyrant or something or other of Libya, that place with the people who were in rebellion (or maybe it was just an occupy Wall Street protest?), have finally killed Gaddafi. Thats right, that guy who did the things that nobody really heard about until there was a revolution, is dead. What this means for the people of the nation of Libya (is that even the right country? I forget....) is still to be determined.

Along the same lines, Gaddafi, whose attempt to beat Osama Bin Laden's World Hide and Go Seek record was cut short just the other day, has somehow managed to hide his county's money so well, nobody knows where the hell it is. At all. Poof. Gone. All \$12 of it.

Libyans are rioting in happiness now as they enjoy their new freedom with regards to the no longer alive Gaddafi "Oh joyous day, how great it is to lose our dictator. Now we just have to wait 3 years for a new one to come in and ruin our lives all over again. I for one cannot wait," said one Libyan. Truly a remarkable story. 🙄

"What? You mean I can't play Hide and Go Seek forever? Why?!!!" Cheer up, emo kid.

... G'Bye Cold World from front name, "Bonerpants" (I didn't ask), that he was spending the night at a friend's place. "I just assumed he was still there, having a good time. He really loved his DDR and banana peels."

A search of John Q.'s desk produced a handwritten note, dated the night he died. An excerpt follows.

*"I can't do this. It's just never-ending. It's always there, when I go outside, when I wake up, when I go to bed. I was told it would be cold here, but I never expected this. I lost count of how many days it's been raining. I'm cold all the time. I've got to set myself free from this torment."*

Bonerpants offered a rather profound remark, saying, "In a weird way, it's good he did this now. I can only imagine the poor guy in the middle of January, with no end to winter in sight. It would be totally silly to expect him to drink coffee after 8pm. What a hoopy frood." 🙄

Frosty, the snowman. Who's heart was made of souls!
